## 1953 Morris MO Oxford or Cowley Van.

After owning many Morris Minors over the years. We were finding that for longer trips the comfort was not good and Peter decided that he would look for an Oxford. After buying an Oxford sedan in early 2017 he thought that a van also would be good. After a bit of searching on the internet and contacting a few Morris clubs, this van was in Adelaide and wasn't for sale at the time so Peter left his details and received a call a short time later saying that they would sell it and the price was reasonable. It was restored by a retired mechanic and is mechanically very good, however there are a few blemishes in the body work. After driving it to the Bendigo swap meeting we found to have it was comfortable, however a bit slow. Since buying this I have also brought an Oxford ute, it needs a little work but hope to have it on the road soon.

Cheers  
Karen

Many, Many thanks must go to the members who manned the BBQ, parked cars, helped setup & pack up, manned gates & helped in any way, shape or form. "WELL DONE MEMBERS"

Congratulations to 3 members who are turning 90 years old in the next 3 months. They are: JACK GORE, RON WILTSHIRE & TOM SMITH.

A day will be held for them on Sun 18<sup>th</sup> February at the Laang Shooting Range. (See newsletter for more details)

Keep Sunday 4<sup>th</sup> February free for a Safety Check Day at Hinckley's Garage in Ryot St.

On behalf of the Committee & Members, I would like to pass on our Deepest Sympathy to June Vick & family on the passing of Ralph, a long time & respected member of this club.

Until Next Month, Safe & Happy Motoring to all.

### Themar Heights Run – 23<sup>rd</sup> November

The club received the following kind letter of appreciation.

*Hi Ken,*

*I would like to extend our gratitude to you and your club members for participating in an outing for the residents of Themar Heights and Frances Foundation.*

*Huge thank you to everyone who so kindly gave up their precious time to share their amazing cars with us. Despite the weather not being kind to us, the residents had a great time. They enjoyed the drive and felt very important being chauffeured around.*

*Thank you again for your kindness and patience in arranging the event.*

*I did not hear from the Standard perhaps next time.*

*Have a lovely Christmas and all the best for the New Year.*

## New Years Eve at Port Fairy – 31<sup>st</sup> December

Good to see so many club members taking their cars in the NYE parade at Port Fairy. A big enthusiastic crowd made it a lot of fun. Thanks to everyone who took part.

## Lake Pertobe Display Day – 14<sup>th</sup> January

David Serra's SSV Redline

Peter Brock's former 1993 touring car VP Mobil Commodore.

John Welch's Monaro

Just one section of the many Holdens on Display

Very fine weather contributed greatly to our Holden themed display. More than 120 vehicles were on show and we had a constant crowd flowing through the gates. Warrnambool Motor Museum displayed Peter Brock's former 1993 touring car VP Mobil Commodore. Welcome sponsorship came from General Motors. Two Holdens of great interest were Rob Lee's FX 1948 215, the first of the Holdens and in original condition, and David Serra's SSV Redline with Walkinshaw enhanced motor represented the final production of Holden.

This year the club will be making a donation to support the Lookout Residential Rehabilitation Centre, a project of WRAD.

Thanks to everyone who helped on the day. The day started early with setting up the BBQ, fences and parking vehicles, keeping everyone busy until pack up time. Thanks to those who stayed on to help with this.

And to Mrs June Vick and family on the passing of long time member of the club, Ralph.

## ***Congratulations***

to Kelvin Boyle and John Mahoney who have both been awarded life memberships of the CFA. Well done.

## Around the Traps

- Our Lake Pertobe display day was, as usual, a great success. Thanks to terrific weather (amid some pretty ordinary ones), and despite competing car shows in Camperdown and Port Fairy, we had a wide range of around 120 vehicles. The Western Victoria Holden Club and other neighbouring Clubs provided great support for the "All things Holden" theme and there were plenty of Holdens and Holden bodied cars on show, including the first and last models and most models in between. A Brock Commodore courtesy of the Warrnambool Motor Museum was a great feature vehicle. This event puts us under the spotlight and the input of many of our members ensured a good show. This year, most of the vehicles had information sheets displayed, and many had their bonnets up, showing their engines.
- At our November Meeting, guest speaker Peter Blake related his life-long interest in early Fords, beginning as a 6 yr old starting up and driving a derelict 1913 T-Ford on the family farm west of the Grampians when his dad wasn't home. He would always ensure that the car was returned to the exact same spot where it had been parked. After leaving school at age 12, he went into growing vegetables and by the age of 13 was taking his produce to market, in a 1929 A-model Ford ute. At 15 years of age he turned to spotlighting rabbits and by the age of 16 he ran a fleet of five A-Models with a team of his mates as a contract supplier of rabbit skins.  
Peter went on to speak about the many life-time achievements of Henry Ford (1863-1947), starting out as a watchmaker, then a steam engine mechanic, building his first car in 1896. In 1901 he founded the Ford Motor Company and in 1913 he introduced assembly-line production which saw 15 million vehicles roll off the lines. In 1908, the cost of a T-Ford was \$850 but by 1925, the cost had come down to just \$300, with all US built cars after 1914 being painted .....black!
- Our ongoing community program for giving residents of local nursing homes a tour of the district receives much positive feedback. Co-ordinator of these events, Ken Perrett works hard to ensure successful outcomes, so much so that the Club has received a request from the Co-ordinator of Abbeyfield in Mortlake to extend the program up there. To enable this to be set up, Ken is looking for members in the Mortlake district to participate in the program. If you can help out, or wish to find out more, please contact Ken ph. 0428 527 139 or 5566 2220.
- Further help is also sought from other members who may be able to assist in other ways. If you like the smell of deisel, and the thumping sound of big engines, the Engine Committee is looking for members to come along and learn the ropes of starting up and demonstrating the Clubs Ruston Hornsby engine at Cheeseworld. If you can help out, please contact Graham Conn, ph. 0407 041 606 or 5562 5803. And we are also investigating the setting up of a Club website and would appreciate input from any members or others who had had experience in this regard. Please contact president Ian.
- Our Clubrooms project is progressing well, with the Building Permit for the work under the rear skillion (toilets, kitchen and BBQ area) having been approved. We have had considerable success obtaining Grants from local Philanthropic Trusts, enabling these works to commence shortly. Progress reports are given at General Meetings by our Clubroom Projects Sub-Committee chairman, Doug Byron. The most recent progress was the installation of a very impressive double-sided sign at the entrance to the Clubrooms, kindly donated by Cob & Faye Owen.

## HUMOUR

### THE DIVORCE

A married couple is driving down the freeway doing 55 mph. The husband is behind the wheel. His wife looked over at him and said, "Honey, I know we've been married for 15 years, but I want a divorce." The husband says nothing but increases the speed to 60 mph.

She then says, "I don't want you to try to talk me out of it, because I've been having an affair with your best friend, and he's a better lover than you."

Again the husband stays quiet and just speeds up as his anger increases.

She says, "I want the house".

Again the husband speeds up and now is doing 70 mph.

She says, "I want the kids too."

The husband just keeps driving faster and faster up to 80 mph.

She says, "I want the car, the cheque account, and all the credit cards too."

The husband slowly starts to veer towards a bridge overpass pylon as she says, "Is there anything you want?" The husband says, "No. I've got everything I need."

She asks, "What's that?"

The husband replies just before they hit the wall at 90 mph, "I've got the airbag!"
