Feature Vehicle

1968 Holden base model coupe.

Designated identity as Model 80337.

The Vehicle was pressed and assembled at Holden's Dandenong Plant.

It was made around March/April 1968, so it was probably a car made for stock, before the release of the Monaro in July 1968.

It spent some time on the New Car lot and finally hit the road on the 12th of December 1968, through the Dandenong Holden dealer, we think was Market Motors, at a new car price of \$2,575. This price was increased due to the options of 307V8, Power glide Transmission, Limited Slip Differential of 2.78:1 ratio, Tinted/Laminated Windshield, Deluxe Heater/Demister, Power Disk Brakes, Floor Shift Console, Special Instrument Cluster, Tachometer, Deluxe 11 Transistor Push Button Radio, Rear Seat Speaker

The additions made to the car during the restoration was an Interior Finish Package consisting of chrome scuff plates, carpet and carpet on the bottom of the door trims. It has been fitted with a Quadrajet Carburettor, Twin exhaust system both of which appear in the HK options list in 1968.

The car is painted in Ermine White Acrylic, with Goya Red Interior and the wheels are a 1968 cast "Hustler" from the Sampson Foundry in South Australia, the forerunner to ROH wheels.

Price of the rebuild is unobtainable, but Shannon's have valued the vehicle at about \$70,000.

Some things still remain Priceless.

President's Report

G'Day All,

A lot of Club outings since the last report!!!

17th February saw the Portland Show & Shine. A great day with over 200 cars plus, bikes on show.

The 18th February was spent at the Laang Shooting Range to celebrate 3 members 90th Birthdays; Jack Gore, Ron Wilshire & Tom Smith. A good turnout of members & thanks must go to the LADY MEMBERS who catered.

On the 24th February, Heywood held their annual Wood, Wine & Roses. Another great day, with many displays to look at.

On the 25th February, we had our Open Day at Cheeseworld. A good turn-up of members saw Graham & Kelvin fire up THE BIG RUSTON.

On the 10th March, Woorndoo held their Annual Fair. Apart from being 100 degrees in the water bag, another good day. (Great Scones with Jam & Cream at Woorndoo!!!)

Cobden held their 42nd Annual Rally on the 10/11th March. Another 2 top days with many displays. (Scones with jam & cream just as good at Cobden!!)

We have now taken delivery of a "John Deere" Ride on Mower, that Carl & Karen Eggers from "Bells Garden Centre" donated to the Club. A "BIG" Thanks to Bells!!!!

The clubrooms are starting to go together at a MILLION MILES PER/HOUR!!!! Many volunteers at working bees over the past couple of months have made a MASSIVE improvement with renovations.

BIG, BIG THANKS to all helpers so far.

The BATTERY DRIVE is still on & if anyone has batteries, & needs them picked up; call either myself or Scoota/Natalie for pick up.

Until Next Month, Good Health & Safe & Happy Motoring to all.

Regards,

"Chisel"

The Battery Drive is still on. Batteries can be left at the Dillon's or Chislett's farm, or at King Cole or call Andrew Serra and he will come and pick up. Thanks to everyone helping with this continuing fundraiser. The price is up at the moment so please keep them coming in.

RECENT CLUB EVENTS

Abbeyfield Aged Care Run at Mortlake – Monday 19th February

Six club cars took **about 16** residents of Abbeyfield for a drive around the district, and everyone seemed to be particularly appreciative. After the drive Abbeyfield provided a great afternoon tea.

Thanks to drivers, and especially to Ken who puts an enormous amount of work in organising the Aged Care Runs.

Check out the very nice sequence of photos on our Facebook page.

Run to Cheeseworld – Sunday 25th February

About 30 odd people attended. The featured car from last month (Freda the Flying Eight) disgraced herself by refusing to proceed and even Daryl Jago (ex- RACV man!) couldn't get her to cooperate! (But we look forward to seeing her on the next run after she has had a rest!)

Pictured are some of the cars at Club Rooms and club members enjoying the display.

Thanks to Jos and Max for organising.

Run to Proudfoots – Thursday 8th March

A great turn up of 22 people. Everyone enjoyed themselves and the coffee was great.

Thanks to Ray and Joan.

FEDERATION REPORT -

The Federation is writing to the Government to ask for the abolition of tariffs on imported and luxury vehicles.

The luxury car tax is currently 33% on vehicles over \$60,316.

Other duties on imported vehicles are said to add \$1,000 to Ford Ranger, Ford Focus, Toyota Corolla, Mazda 2, Honda Civic, Jazz and CRV and an estimated \$1,300 on Toyota Hilux, Mitsubishi Triton, Holden Colorado and Nissan Navara.

Budget papers show that car tariffs, including luxury car tax and the excise and customs duty on passenger motor vehicles will raise \$1.12bn this financial year, rising to \$1.28bn in 2020-21.

Tariffs and duties are quite complex, probably so that we run out of interest in trying to understand them, Governments are not in the practice of removing tax. We will wait and see.

HUMOUR

THE EXPERT

A Queensland jackeroo was overseeing his animals in remote territory when suddenly a brand new BMW advances out of a dust cloud towards him. The driver, a young man in a designer suit, Gucci shoes, Ray Ban sunglasses and YSL tie, leans out the window and asks the cowboy, "If I tell you exactly how many cows and calves you have in your herd, will you give me a calf?"

The jackeroo looks at the man, obviously a yuppie, then looks at his peacefully grazing animals and calmly answers, "Sure, why not!"

The yuppie parks his car, whips out his Dell notebook computer, connects it to his RAZR V3 mobile phone, and surfs to a NASA page on the internet, where he calls up a GPS satellite navigation system to get an exact fix on his location which he then feeds to another NASA satellite that scans the area in an ultra-high resolution photo. The young man then opens the digital photo in Adobe Photoshop and exports it to an image processing facility in Hamburg, Germany. Within seconds he receives an email on his Palm Pilot that the image has been processed and the data stored. He then accesses a MS-SQL database through an ODBC connected Excel Spreadsheet with email on his Blackberry and, after a few minutes, receives a response. Finally he prints out a full-colour 150 page report on his hi-tech, miniaturised HP LASER Jet Printer and finally turns to the Jackeroo and says, "You have exactly 1,586 cows and calves."

"That's right. Well I guess you can take one of my calves," says the Jackeroo. He watches the young man select one of the animals and looks on amused as the young man stuffs it into the car boot.

Then the Jackeroo says to the young man, "Hey, If I can tell you exactly what your business is, will you give me back my calf?"

The young man thinks about it for a second and then says, "Okay. Why not!"

"You work for the Australian Government," says the Jackeroo.

"Wow! That's correct!" says the yuppie, "but how did you guess that?"

"No guessing required," answered the Jackeroo. "You showed up here even though nobody called you; you want to get paid for an answer I already knew, to a question I never asked. You used all kinds of expensive equipment that clearly someone else paid for. You tried to show me how much smarter than me you are; and you sure don't know a thing about cows. This is a flock of sheep.

Now give me back my dog!"

(For those of us with a hearing problem)

Morris, an 86 year old man, went to the doctor for a physical examination. A few days later the doctor saw Morris walking down the street with a gorgeous young woman on his arm.

Later on in the week the doctor spoke to Morris and said, "You're really great aren't you!" Morris replied. "Just doing what you said, Doc: Get a hot mamma and be cheerful."

The doctor said "I didn't say that. I said, "You've got a heart murmur: be careful."

THE DEAF WIFE

A man feared his wife wasn't hearing as well as she used to. Not sure how to approach her he asked the family doctor for advice. The doctor told him a simple test. "Stand about 10 metres from her and, in a normal speaking tone see if she hears you. If not, go to 8 metres, then 6 metres and so on until you get a response.

That evening his wife was cooking and from 10 metres away he said, "Honey, what's for dinner?" No response. So the husband moved closer and repeated the question. There was still no response. Moving closer he repeated the question with still no response so he moved closer again. Moving even closer he asked the same question again but, once again there was no response.

So this time he walked right up behind her and asked, "Honey, what's for dinner?"

"Keith, for the **fifth** time, Chicken!"
