VALE Colin Joseph Williams

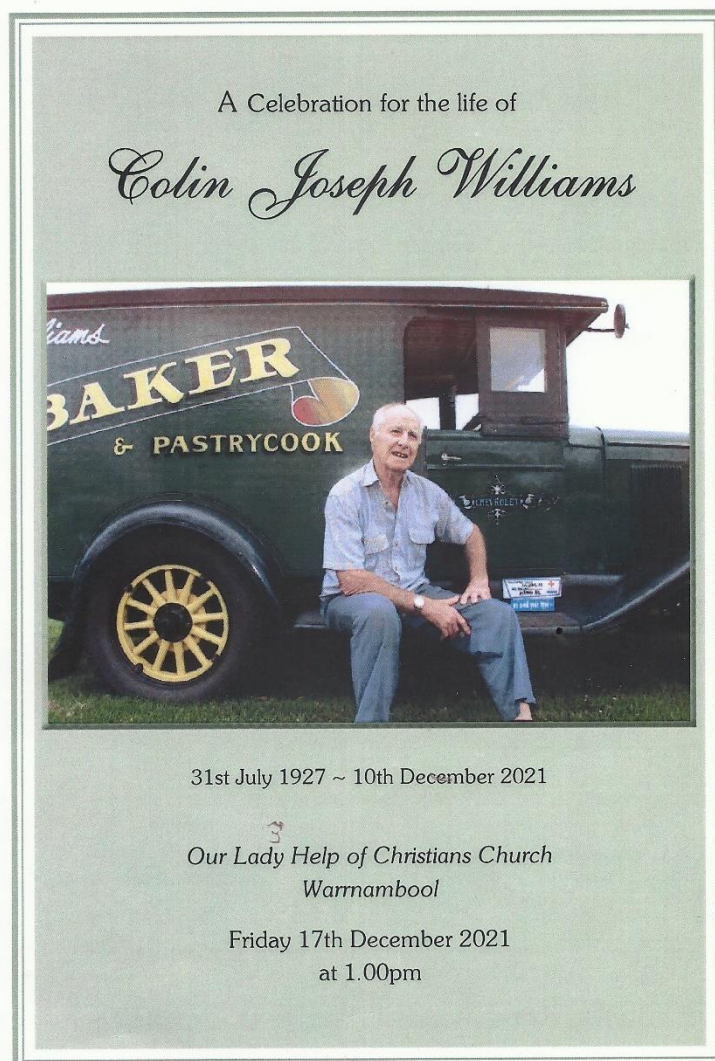

Colin Williams, a Life Member of WDHVC Inc., who contributed from the club's beginning in 1973, died on 10 December 2021, aged 93.

Colin's green 1929 Chevrolet bakery van appeared at every club outing and parade for many years. Later he possessed a Chevrolet Four tourer and finally a very nice Valiant, of which he was very proud.

Colin and his two wives, both named Jean, were stalwart supporters of any club functions. He was always a "wonder" with the kids and provided them with something so they would not be bored while their parents were busy enjoying themselves. His musical talents with the accordion were always welcome and entertaining. His asphaltting and cooking skills were very much appreciated at the working bees for the original clubrooms in South Warrnambool.

Colin was a kind and gentle person who could always see the "good" in everyone and his presence always brightened the occasion.

Of latter years his health caused him to participate less in club functions but his 90th birthday was one of great celebration and, although his memory had failed somewhat, he was still the same cheerful, loveable Colin. - A "gentleman" at rest.

Lake Pertobe Car Show

The annual club display held on 9th January at Lake Pertobe took place under ideal weather conditions and was well attended by the public throughout the day. I counted 79 vehicles on display including 15 Austin Sevens in the feature display, a couple of trucks and two motor bikes. Every decade from the 1910s to the 1990s was represented. It was great to see two cars (Hupmobile and Buick) from 1911. The Hup arrived under its own power, and word is that the Buick is 99% done and will soon be on the road.

The Austin Sevens proved popular and represented a wide variety of body styles including a little open wheel racing car that was donated to the Austin Seven club by a former member. The feature display provided a good platform for that club to promote their forthcoming national rally to be based in Warrnambool this coming April. They are expecting 150 cars.

For COVID reasons, there were no rope barriers this year and we couldn't channel people in via gateways. Our donation bins were nevertheless put in place in support of this year's nominated charity - a mobile MRI unit for South West Healthcare. The donation amount will be advised following the next committee meeting.

I have most of the parts to make up an Anderson AutoReelite car spotlight. It is a type of spotlight used on 1920s cars

and was designed so that the section with the light can be removed from the holder which is bolted to windscreen pillar. The part that I need is the ring on the front of the light that clamps the glass to the body of the light. The diameter is about 14 cm (5 ½ inches). One type has a folding clasp on a pivot like the one in the photo and the other type has a small screw that pinches together a small flange on the circumference. Either type would be ok. Please call Ian on 0418567579.

My Fiancée and I are getting married in Bushfield on 19th of March 2022 and were wondering if any of the car club members would be available to drive our wedding party in their car for our wedding. Our wedding party is small, only four of us including bride and groom, and thought that two cars would do the job just fine. We don't have any preference for the type of car, and they don't have to match, but protection from the wind and weather would be necessary. The ceremony is at 11:00am followed by a lunchtime reception. Kind regards Peter Crowe-Owen Owen <p.crowe-owen@bigpond.com> phone: 0409 559816
