Hi All.

Hi all, First sadly we lost a founding and life member in Jack Brittain who passed away aged 97 on October 31st. Thanks to all members who drove their club vehicles to the funeral. Our condolences to Jack's family.

Thanks to all who helped at the Garage sale at Winslow. Special thanks to Barry for his generosity to the club. Due to cancellation of events at Cobden, the November run is now back to Sunday 27th November. Committee have opted for dinner at the Junction Hotel, for those who wish and then on to Cheeseworld Museum at 1:30 pm, finishing with afternoon tea at the Freckled Duck if possible. Failing that a cuppa at the Club Rooms. Confirmation at the general meeting.

Portland Club are celebrating, on Saturday the 19th November. Free entry to the Powerhouse Museum Lake Pertobe show is on January 8th. Looking for volunteers to set up etc. Discussion at the general meeting. Remember please use our advertisers when possible .

Cheers

Bryan O'Meara

Vale : John (Jack) Brittain 12/7/1925- 31/10/2022

A keen member of our Car Club for nearly 50 years, Jack attended many rallies, including his biggest one, the Bi-Centennial World Rally in 1988, with 1,200 other vintage and veteran vehicles in his white 1914 Fiat single-seater. Accompanied by Joan, this was particularly special for Jack, as the restoration was completed just days before and only test-driven as far as the trailer, to head off for the start. However his Melbourne-Canberra rally was faultless, a testament to his mechanical knowledge, analytical mind and meticulous attention to detail. The extensive woodwork on the veteran Fiat was undertaken by his brother Roy, a carpenter. His very first rally was in an Oldsmobile, which took them to the newly commissioned Snowy Hydro Electric River Scheme, in 1975.

Jack was an 'old-school' mechanic, which came in very handy early on when he got the competitive hot-rodding bug. In later years Jack got into veteran, vintage and classic car , describing this transformation as 'restoring, instead of wrecking!'

Jack owned several other vehicles of interest including a rare 1923 501'S' Fiat, a 1958 Chevy 'Biscayne', a Willys -Jeep and way ahead of his time, a battery powered 1930's Morris commercial van, which had served its time as a bread delivery van with Capitol Bakeries, located in South Yarra at cnr, Toorak Road & Chapel Streets.

These vehicles have remained in the family, where his daughter Val will be able to enjoy them, having many memories of car restorations and rallies.

Jack was a founding member of both the Warrnambool Speedway Club and our Warrnambool & District Historical Vehicle Club and served in many capacities, including presidential roles. He held most positions in our Club, including Scrutineer/Safety Officer, Librarian, Federation Rep, Rally Director, Committee, and 4 stints as President.

He was best known for his foresight, positive attitude and for being at the centre of any club working bees. He was particularly pleased with the new Clubrooms and his vision was to have storage and display sheds, with a fully equipped workshop set up to enable younger members to work on their vehicles.

He was very generous in sharing his mechanical knowledge particularly with restorers, and was a regular stall holder at the Bendigo & Ballarat Swap Meets.

Jack was never a passenger in life, and enthusiastically jumped into the drivers seat of the many local organisations and hobbies that he was passionate about, right to the end of his 97 years.

His 'last drive' had a special touch, with his pair of original 6-letter black & white enamelled number plates attached back and front of the coffin, escorted to the cemetery by vintage and classic vehicles from our Club.

Steering in the right direction

Recently, club member Graham Conn told me he had been commissioned to renew a wooden steering wheel for a 1928 bus restoration. Graham had previously skilfully reconstructed a wooden steering wheel for my 1924 Garford fire engine.

I was intrigued about his task as by coincidence had recently been in contact with Peter and Helen Berry of Bealiba who are restoring the 32 seat Leyland Lion PLSC1 bus. Here is their story

They had the wisdom to ask for finger grips to be routed into the bottom side of the steering wheel, something I overlooked and did not request Graham to do. Remember there is no power steering on these vehicles and you just have to hang on tight!
