President's Message

Hi All,

First to all members who are not feeling well, hope you are on the mend and out and about soon.

We are holding a working bee on Saturday 24th June for clean up on the drain, and the N/W corner a bit of whipper snipping. Sausage sizzle will be supplied for the workers who want it for lunch. There will be membership payments from 2:00 to 5:00 pm.

June club run will actually be on Sunday July 2nd. (the Sunday following the general meeting on Friday June 30). Meet at the vacant block at service station Dennington. (Lindsay St). Leave 1:30 pm for Koroit Railway Station or if anyone wants they can meet us there. Then travel to Port Fairy information centre to arrive approximately 2:30 pm and go for a cuppa.

Christmas in July is organised for Sunday 30th July to the Schomberg Inn, Peterborough. Leave Club Rooms 11 am, travel in convoy or meet at the Inn at approximately 12 noon. Numbers to Roy Begelhole (55628169) please by 21st July. Order from Menu, price range \$25 to \$45.

Cheers

Bryan O'Meara
Club President.

A quick note from Community services Coordinator

I took over from Ken PERRETT in September of last year and I think we all agree that Ken has done a wonderful job over many years in promoting the car club and assisting the various community groups with car runs and deserves a big note of thanks.

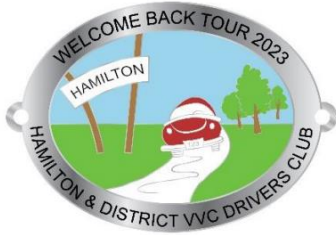

Since last September we have completed two (2) runs a large group of 28 for Senior's week and a smaller group of twenty (20) from Anchor point. Unfortunately Cobden health cancelled at the last minute with a planned run of nineteen (19) due to senior management in the facility having concerns around liability.

The next booked and planned run involves the Warrnambool city council and is set for **Monday the 26th of June 2023** with Twenty-two (22) seniors (some vision impaired) with a run out to Tower hill or Port Fairy. The exact location is yet to be decided but we will be back and finished by lunchtime.

Anyone interested or can help is asked to contact me direct to avoid any confusion Mobile 0408 563 814

Roy's Run May 2023

Friday: We met at Mortlake for a cuppa 17 cars and 35 members.

Drove to St Arnaud to pie shop for lunch and chat. Was a sunny day. Then to Charlton, Boort to Kerang. Paddocks on way were very dry. Wheat area. Arrived at our motel in Kerang.

Nice rooms, comfortable and good area for parking. Out to delicious dinner at Kerang sports centre.

Saturday: On our way at 8.30 to Deniliquin via Koondrook, another lovely sunny day.

Looked around Deniliquin at gardens and shops and another coffee. To rock and roll cafe for lunch and to "The Depot" museum. A unique display of cars, buses, trucks, thimble collection and other memorabilia. All very well presented. Impressive museum and a must see.

Even had an outside dunny in the display with newspaper cut in squares in basket.

Back to Kerang. The guys went to 2 car sheds of the Kerang car club and the girls sat out in the sun and had our wine and nibbles. Out to dinner at club. The highlight of the night the 2 chefs walked out and left the junior chef to cook all our meals. We all got fed even if not our ordered dishes.

Sunday: Up and away at 8.30am. To breakfast at Cohuna to Factory and Field waffles. Yumm.

Then to Barham to Fly Wheelers rally. Very interesting display of working steam engines, farm equipment, tractors, memorabilia and our cars plus a few others. A lot of history at this museum. Was brought by the R.S.L and leased back to the fly wheelers club for \$5.00 per year.

Back to Kerang with coffee stop on way for some. Back to motel and Relaxed with our cuppas, wine, and nibbles and some had a nanny nap. Out to dinner at Chinese restaurant. Delicious meal and fun night. Brian thanked Roy and Esther for the great run, and we sang happy birthday to Kevin. Back to motel for a much needed sleep.

Monday: Up and watched Max's car 'failed to proceed' and so the RACV loaded the 'recalcitrant car' onto their truck. (Did he not fill out his log book or wanted to save petrol ???). The RACV guy tried to take up a collection but the best offer he got was 20 cents from Harry. He is a member of the club and one of the garages the guys went to look at.

Then on our way home. To Bridgewater for coffee and tasty cakes at bakery. Or at the coffee van.

Then Beaufort via Dunolly, Tarnagulla a very old mining town, Avoca, and Lexton. Different landscape mostly Green with sheep and lambs. Beaufort for lunch at bakery and then our farewells as we head for home. Everyone had a wonderful time, and it was a very friendly, sociable run.

Thankyou from us all Esther and Roy and we are all looking forward to our next trip.

Welcome to all readers. In our last Newsletter I informed you of our collaborative association with Operating Heritage Australia (OHA). Thanks to OHA we have included a calculator they have developed which you may find useful to establish how much Carbon Dioxide your vehicle emits into the atmosphere based on how many Kilometres you drive your vehicle in 12 months.

The main purpose of OHA developing this calculator was to assist the movement to base any discussion about their Historic Vehicles carbon footprint on facts not hearsay. Whilst the AHMF remains totally supportive of reducing our carbon footprint we do not believe Governments should overlook the very positive socio-economic benefits our movement brings to the broader community. As we often have car runs to rural areas, we contribute to the rural economy by having meals, buying accommodation and visiting various places of interest. Just as an example the Bendigo Swap Meet brings between 20,000 to 25,000 people to this rural area. These people contribute \$4 million annually to the Bendigo Community. Another example is the annual Bay to Birdwood which attracts over 1500 cars from all over Australia to run in the event and 90,000 spectators who attend the start, finish and line the sides of the entire route from Adelaide all the way to Birdwood in the Adelaide Hills. Many arguments can get very confused with emotion. The AHMF is only trying to balance the emotion with the facts.

As stated in the OHA article "The total amount of petroleum fuels used each year by the 500,000 owners of historic vehicles accounts for around 0.05% of Australia's total petroleum-based fuel consumption." We believe the benefits of our movement far exceed the Carbon Dioxide we contribute to greenhouse gases. More on this in future editions.

By the time this edition is circulated National Motoring Heritage Day will have come and gone for another 12 months. I hope all enthusiasts made use of their Historic Vehicles and had a most enjoyable day. Please feel free to write to the editor and let us know what events you attended. Photographs would also be much appreciated. The public interest in National Motoring Heritage Day is growing every year. Recently we had ABC Radio contact the AHMF to find out more information about the Day. AHMF have been invited to be interviewed live on air. This has been accepted with the interview going to air on Wednesday 17th May. The AHMF is currently updating our website to make it more relevant and user friendly. A sub- group of the AHMF Committee has risen to the challenge and is making excellent progress with this project. More on this next edition. Until the next Newsletter I encourage all to use your historic vehicles as often as you can and enjoy the joy this brings you and all that see our vehicles.

Keep well,

David Berner President Australian Historic Motoring Federation Inc.

Allansford Cheese World Museum.

Graeme McLeod's Cogs and Collections (1993) includes details about gaining possession in 1990 of the 1940 Ruston Hornsby Engine no. 204230. The article concludes by saying many working bees have progressed quite well, but the engine is awaiting a permanent home – hopefully where it can be displayed as the central piece of a working museum. Pleasingly, it became the centrepiece of the club's portion of the Allansford Cheeseworld Museum. Thanks to Warrnambool Cheese and Butter, the Ruston was meticulously placed in its present position and the building erected around it. It first ran at the museum in 1995. A documentary video on the installation and building erection can be seen in the museum. Soon after, a connecting building was erected to display Warrnambool Cheese & Butter Factory history plus the Ubergang Family Collection. This building was later extended to handle the expanding display that attracts tourists today. It is pleasing that Saputo Dairy Australia has seen it fit to continue with current arrangements. The museum along with the adjoining tasting room and café is presently open 10 – 3 Monday to Friday. Club members are encouraged to join a regular crew of volunteers in attendance on Wednesdays between 9.30 and 1.00pm. The display changes from time to time and at present includes Bruce Watt's 1926 Model T FORD – "Tin Lizzie". A regular though is the 1961 McDonald

Footpath Roller donated to the club by the Warrnambool City Council at the end of its life during which it would have been used to repair and surface most of the asphalt footpaths in the city. A few small mechanical repairs and a splash of green paint has restored a historical gem to its original condition. For some

years it was used to tow display items across to the clubs ACME Field Day site. The next Newsletter will feature the Lee Engine Collection display.
