Koroit Irish Festival - 2024

Quite a few of our members drove their classic cars in the parade at the Koroit Irish festival. There was a very large happy crowd present. Irish music, dancing in beautiful costumes. buskers, bands, stalls and other entertainment.

W&DHVC Round the Garages - 2024

About 84 visiting club members and our club members met at our clubrooms for morning tea and then travelled to Wally Melis's and Harry Droste's sheds for a look at their cars and memorabilia.

They then all returned to the club rooms for a delicious lunch of meat and salad and cheesecake for desert. Then a cuppa and chat. On the way again and went to Peter Carter's and Bruce Johnson's sheds to look at their beautiful cars via a detour on bumpy dirt roads due to fire brigade burn off.

Everyone then had a delicious afternoon tea fit for royalty at the Woolsthorpe hall. A beautiful sunny day and a day enjoyed by all participants.

Around The Garages

I would like to thank everyone that worked in the kitchen for morning tea & lunch. The ladies that went to Woolsthorpe to set up afternoon tea & to the members that provided food for the day. Having a good team makes the job easy. Cheers Karen

Mother's Day – May 12th

Mother's Day was celebrated this year at the Allansford Hotel. About 28 attended and the meal selection was great. Most all were seated by mid-day and were still there 2 hours later. Good meals and great service.

In the photo, you can see in the top right corner that our Club Captain, Damian Lane, who did a great job organising this, is saying something like: "Happy Mother's Day to all you mothers and welcome to everyone who has come. It's been a great meal.

And by the way, don't forget to pay for your meals before you leave."

And on that subject, we had a couple who didn't pay. So, if you and your partner had a pork chop with mushroom sauce on the side and the other meal was the sesame chicken then could you call Dianna at the Allansford Hotel on 5565 1242 and pay up so we can go there again!

Electric cars the truth

I'm fed up of comments from people ridiculing EVs. They don't know what they're talking about.

Personally, I drive two top of the range EVs, a Jaguar and a Porsche.

Their acceleration and handling is fantastic. They look brilliant and they're really cheap to run. They need hardly any maintenance and haven't depreciated since I bought them.

Literally the only criticism I could make of them is sometimes, if I really push them into a corner, they can fly off the track and get stuck under the sofa....
